Annual Report

IN this Coronation year our first duty must be to record our loyal gratitude to Her Majesty the Queen for honouring us by continuing as our Patroness. From the earliest days of the Movement we have been encouraged by the personal and sympathetic interest which Her Majesty has always taken in our activities and development, and her continued patronage will be an inspiration and incentive to the whole membership at home and overseas.

The past year has been notable for its many changes—for the comings and goings of Overseas members, for changes of Staff, for a move to new Headquarters offices. Changes of thought, too, and a greater readiness to think along new lines, have caused sound criticism to be levelled at some of our existing organisation and methods. All this is tending to keep us clear of ruts and to justify the calling of ourselves a "Movement."

The Coming-of-Age Festival of Toc H and the Coronation brought many Overseas members to this country, and now most of them have gone back, having learnt something, we hope, of the contribution that the L.W.H. is making to people and affairs at home.

L.W.H. AT HOME.

Every Area has been visited by members of the staff this year. Some visits have been fleeting, while others have been prolonged, and consolidation and extension work has been done in consequence. Honorary Area and District office-bearers have done much to organise their Areas and to give help and direction to their units, and the Movement owes a tremendous lot to them for all their voluntary work. But our aim should be to have a whole-time member of staff in each Area, and this is far from achievement at the moment. Constant requests have been made throughout the year for starting new L.W.H. units, but much of this extension work has had to be postponed as there has been no-one available to build and direct. Twenty-two new Groups are, however, in being, and twenty-seven Groups have been

recognised during the year. Six Groups have been promoted to Branch status, two of these being Overseas. As no Festival has taken place this year these Branches have not yet received their Lamps. Five Branches have decided to disband and have returned their Lamps, and nine Groups have closed down. Our units now number 118 Branches and 145 Groups at home, with 19 Branches and 39 Groups overseas.

In the Areas the review of Branches under the Limitation of Branch status scheme has resulted in 46 Branches having been granted extension for periods up to three years. The review has stimulated thought as to the contribution that is being made by Branches in different parts of the country, and will lead, we hope, to a truer interpretation of Toc H among the community.

The executive powers given to Area Councils have been used to good purpose in the organisation and development of the Areas and in the working out of policy. These Councils have now the authority to appoint honorary District office-bearers and to extend, if necessary, their terms of office after two years.

STAFF

Here there have been some unexpected changes.

Gertrude Bolton continued in the North-Western Area until March, when she resigned from the staff. We hope that the break will only be for a year, and that she will return to the staff, after a much needed rest, in 1938.

Monica Hill, after a year's concentrated work in building up a central organisation in Southern Africa and visiting nearly all the units, came home early in July. Our hopes of having her on the home staff on her return were not fulfilled, however, as she resigned after four years of valuable service and was married to Padre Tom Savage in September.

Kathleen Lawley spent three months of the year taking a course of training at Woodbrooke College, Birmingham. She started

her Area work at Easter, and has been responsible for the East Midlands and Lincolnshire Areas.

Audrey Petherbridge joined the staff at the beginning of September and has taken over the Secretaryship of the North-Western Area.

Elsie Potter. In February we had to consider the needs of Southern Africa as Monica Hill's term of office out there was shortly coming to an end. It was finally decided to send Elsie Potter to Southern Africa, and she left to take up the work at the end of June. The London Area has been handed over for the time being to five Regional Correspondents.

Majorie Thomas left the Yorkshire Area for six months, during which time she visited the scattered units in East Anglia and the Districts in the Southern Area where there is not even an honorary Area Secretary. She has now gone back to Yorkshire.

Phyllis Wolfe has spent her first year on the staff partly in the East Midlands Area and partly in the South and South-East of England, with one or two visits to Ireland.

Office Staff. The Office and Office Staff have changed, with the exception of the General Secretary. Muriel Peters, after 3½ years at Headquarters, left to get married in June, and Betty Hildesley has taken her place. In February Winnie Adams was appointed our first full-time bookkeeper.

Headquarters. We moved from our previous rooms at New June to 18, Byward Street on January 1st, and are very well satisfied with the new quarters, which are situated immediately opposite Mark Lane Station and in front of the garden of All Hallows. The Founder Padre blessed the rooms and the work done in them at a ceremony held in February.

OVERSEAS

We have been in touch with nearly all our units overseas this year, thanks to Mrs. Edwards and to the whole-time worker in Southern Africa. On her holiday tour Mrs. Edwards made a point of seeing Toc H and L.W.H. in Western and South Australia, New Zealand, and Canada. She was not able to stay long in Australia, but she spent

two months in *New Zealand*, visiting all the units and helping the members there considerably. Having realised the value of a whole-timer, there is now an urgent request for us to send a member of staff to New Zealand to help in consolidation and development work there.

Australia has benefited by the return of several members from their visit to this country during last year and this. In particular Gwen Crow worked at our Headquarters for some months and also visited several of the Areas. These members are passing on new ideas and methods, and Australia is hoping in time to have the advantage of a full-time member of staff. The first Council meeting under the new Constitution has been held this year.

Mrs. Edwards spent two months in *Canada* visiting all the units and being kept busy with training days and week-ends. We are most grateful to her for the valuable contact she made.

Southern Africa have welcomed as their President Lady Clark, wife of the High Commissioner for the Union of South Africa. Under their new Constitution the first meeting of the Southern African Council has been held, and Area Councils are in process of formation. Reports express appreciation of the value of whole-time staff, and Southern Africa have accepted full responsibility for financing the scheme for at any rate a further two years.

Argentine and Chile. Extension is progressing in the neighbourhood of Buenos Aires, who have been promoted to Branch status. Contact has been made with several members who came over for the Coronation.

Lone Units. Mrs. Twinch has undertaken to keep in touch with lone units by correspondence. She has visited Paris, where a Grope has recently been formed, and members of the staff have also visited the Brussels Group.

PILGRIMAGES

One hundred and two members have had the privilege of visiting the Old House in Poperinghe, and in addition to the four L.W.H. Pilgrimages this year there was a joint Pilgrimage with Toc H at the time of

the Coronation. We are grateful to the Toc H Padres and others who have helped to lead these Pilgrimages and to make them of real and lasting value.

THE CENTRAL CONFERENCE

The Central Conference provides an annual opportunity for the members of the whole-time staff, honorary Area staff, and Central Executive to meet for interchanging ideas and planning policy. This year the methods of extension and development were discussed and the starting of new units, emphasis being laid on the careful choosing of the right nucleus and the provision of responsible L.W.H. leaders to help to build the units in the early stages. With our small staff it was realised that extension would of necessity be slow. The scheme of "free" or "progressive" membership was again discussed, and after exchanging ideas on this and on the question of the place of Symbols in the L.W.H., the members of the Conference went back to their Areas to have further discussion with the membership on these points.

NEW JUNE

The House has been well filled most of the year with both permanent residents and visitors, many of whom came to London for the Coronation. This succession of visitors for short periods proves the usefulness of the House, but also puts a heavy strain on the hostellers who act as hostesses in addition to their numerous other duties on Tower Hill. Not only were visitors for the night catered for, but during the summer a great many of the parties of L.W.H. who visited Tower Hill at week-ends or in the evenings took tea at New June. Two of the three bedrooms added by the removal of Headquarters have been furnished in the memory of early members of L.W.H.—Florence Carver and Marjorie Simpson (Prue)—and were dedicated by the Founder Padre in June. We record our gratitude to Major W. H. Carver, M.P., and other friends for these gifts, and also to the generous donor who is defraying the heavy cost of external repairs and redecorations. It is largely owing to their help that it is now possible to open a Reserve Fund for future work of this kind.

YORK HOUSE, FELLING

Changes here are imminent. Mrs. Halliley, who has been the Organiser at the Women's Community Centre, under the Tyneside Council of Social Service, since June, 1936, is shortly leaving on account of ill-health. The work and usefulness of the House have progressed under her leadership, and by her close link with the L.W.H. she has maintained the interest and support of the whole membership. We have undertaken, with the Tyneside Council of Social Service, the financial responsibility of continuing the work for a further two years, and there is no doubt that it is meeting a very urgent need on Tyneside. Several visits to York House have been made by members of the L.W.H. during the year, when they have been able to see conditions at first hand and to help in the many activities that take place in the House.

RELATIONSHIP WITH TOC H

A further step has been taken this year in relationship with Toc H. In March the Central Executives of Toc H and the L.W.H. had an informal meeting together. At the invitation of Toc H the L.W.H. raised various points of difficulty in their own development where it affects Toc H and made suggestions for change. Following on this meeting we were invited to send some of our staff to the Toc H Staff Conference and to speak to the Conference about our ideas on co-operation. This proved to be a useful experiment and a happy experience to those of the L.W.H. staff who went.

The present situation is that we have received the agreement of the Toc H Central Executive to our putting before our Central Council a suggestion that there should be a change in the L.W.H. Constitution. This is the removal of Article III (d), which says that L.W.H. units may only be started where there already exists a Branch of Toc H. The removal of this clause would make it more possible for us to build strategically round our strong units and districts or where we have good pivotal people rather than answering requests from Toc H Branches to start in isolated places where we cannot ensure proper coaching in the early stages.

The Central Council are also to consider the suggestion that the name of the L.W.H. should be changed, this having been another of the matters discussed at the joint Executive meeting.

Meanwhile, in the Areas members of the L.W.H. staff continue to exchange ideas with the Toc H staff and are constantly receiving help and encouragement from

them. Joint Advisory Committees are in abeyance in some Areas and are working in others, and the question of their usefulness is under discussion. In future it is to be left to the discretion of Area Executives and Councils to appoint Joint Advisory Committees when they are wanted and not to have them as permanent committees uncertain of their function.

The Accounts

THE Annual Accounts show better results this year than we expected, as our expenditure did not reach the figure budgeted, and we are able to carry forward a surplus of £28 instead of having to draw on our reserves. The changes and withdrawals of staff, noted in the Annual Report, have accounted for a decreased expenditure on *Salaries* compared with the amount anticipated, but next year this amount will probably be considerably increased.

In the *INCOME AND EXPENDITURE ACCOUNT* it will be seen that *Travelling and Car Expenses* have increased, as every Area this year has been visited by members of the staff, and more ground has been covered in making these visits rather than concentrating on one Area and working from a centre. The latter is the better way all round, but cannot be carried out until we are in a financial position to increase our staff.

Rent and Office Expenses are less than last year, thanks to the move to less expensive Headquarters.

For the first time there is a loss on the *Sale of Logs*. Apparently we have not been justified in increasing the cost of production as the circulation remains the same in spite of the enrolment of new members and the formation of new units, but we hope that during the coming year the circulation will increase.

It is encouraging to note that the *Annual Contributions to Central Funds* from Branches and Groups continue to increase, and as this item is the main source of our income we trust that the efforts on the part of all members will be sustained.

Only 14 new *Associates* have been enrolled this year, making 135 in all, and we feel that more effort could be made to add to the number of those who can do so much for the Movement by their interest and support.

Coming to the *BALANCE SHEET*, on the Liabilities side it will be seen that we hold three Reserve Accounts, apart from the New June Reserve for Redecorations. The £33 2s. 11d. *Festival Reserve* remains at the same figure as last year.

With the amount debited from the *Reserve for Poperinghe Pilgrimages* we have been able to bear part of the expenses of members going on Pilgrimage. This Reserve really forms a Guest Fund.

The balance of £7 12s. on the *Reserve for Removal Expenses* has been credited to the *Overseas Reserve Account*. The cost of moving our Headquarters offices includes an amount of £25 for redecorating the rooms that we vacated at New June, and an additional £25 was granted to New June to compensate them for the loss of rent until the rooms were taken over by new hostellers.

The *Overseas Reserve Fund* now stands at £529 15s. 4d. The gift of £11 from the L.W.H. in New Zealand was sent in appreciation of Mrs. Edwards' visit to them during the year. Our Patroness was present at a meeting organised by the Duchess of Devonshire last November to enrol Toc H Builders, and it was arranged that a proportion of the subscriptions and donations received should go to L.W.H. funds. This accounts for the £200 which has been credited to the Overseas fund. We hope that some part of this amount will recur each

year from annual subscriptions promised at that meeting. The £30 expended represents Elsie Potter's fare to South Africa last June. The L.W.H. in Southern Africa paid for Monica Hill's fare home, and as stated in the Annual Report, they are bearing the financial responsibility of the whole-timer and the central organisation, which is no light task in view of the great distances which have to be covered in visiting the various units. Now that we have this money in hand on the Overseas Account we hope to send a member of staff to help the L.W.H. Overseas next year.

On the Assets side of the Balance Sheet the *Alterations Account* in connection with the setting up of New June has been reduced to £373 13s. 10d. The amount written off each year is charged to the New June Account.

The addition to *Office Furniture* is a second-hand Gestetner Duplicating machine to replace the old one we had had for nine years.

The Austin Seven Car had to be given up and was replaced by a second-hand *Morris*

Ten Car, which we hope will be more reliable. The car has been invaluable in the South and West of England, where the units are very scattered, and the mileage averages over 1,000 miles a month.

We have been able to add to our Overseas *Investments* as a result of transfers made last year and, while our Investments for General Purposes remain the same, those for Overseas are now £310 3s. 2d., as against £60 3s. 2d. last year.

The *New June* figures have been incorporated in the Association's Balance Sheet, and we are glad to record a successful year. A Reserve Account has now been formed to meet the cost of structural and internal repairs.

NORA H. ELLISON,
Chairman.

AGNETA HORNE,
Hon. Treasurer.

HELEN BENBOW,
Gen. Secretary.
